If you would like to have a paper copy of this Agreement sent to you, please send us an e-mail at [farmersinfo@farmerstrust.com](mailto:farmersinfo@farmerstrust.com).

This NetTeller Online Banking Agreement (this "Agreement") states the terms and conditions for NetTeller Online Banking offered by Farmers Trust and Savings Bank (the "Bank"). When you use, or you permit any other person(s) to use, NetTeller Online Banking (collectively, "Online Services"), you agree to the terms and conditions of this Agreement. These terms and conditions are in addition to those that apply to any accounts you have with the Bank. This Agreement is an addendum to the existing Loan and/or Deposit Account Agreement that you received when opening your account, as amended from time to time.

As used in this Agreement, "you" or "your" refers to each person(s) subscribing to, using or accessing Online Services; "we", "us" or "our" refers to the Bank or any agent, independent contractor, designee, or assignee the Bank may, in its sole discretion, involve in the provision of Online Services.

In the event that you experience a problem with your NetTeller ID or PIN, or believe that they have been lost, stolen or compromised, please contact the Bank by calling 712-262-3340 or 800-249-3340 or sending us an electronic message using NetTeller Online Banking.

### 3. **Bill Pay**

a) *Using Bill Pay.* As used in this Agreement, the term "Payee" means the person or entity to whom you wish a bill payment to be directed; "Payment Instruction" means the information provided by you to us for a bill payment to be made to the Payee (such as, but not limited to, Payee name, Payee account number, and Scheduled Payment Date); "Payment Account" means your checking account from which a bill payment will be made; "Business Day" means Monday through Friday, excluding Federal Reserve holidays; "Scheduled Payment Date" means the Business Day of your choice upon which your bill payment will begin processing (a Scheduled Payment Date of a non-Business Day will be considered to be the previous Business Day); and "Cutoff Time" means 8:00 a.m. and 3:00 p.m. Central Time on any Business Day and is the time by which you must transmit Payment Instructions to have them considered entered on that particular Business Day.

To gain access to Bill Pay, you must sign on to NetTeller Online Banking by entering your NetTeller ID and PIN on the Bank's web page. Select "Bill Pay" from any NetTeller screen.

To use Bill Pay, you must provide information online to us to identify your Payees. First select the "Add a Payee" tab located in Bill Pay. You can follow the on-screen prompts for paying a Company, a Person or a Bank or Credit Union to search the extensive database for existing Payees or set up a new Payee. You must provide sufficient information about a Payee to permit us to properly direct a payment and permit the Payee upon receipt of a payment to identify you as the payment source. You do this by filling in all required fields with accurate information, as directed by the Bill Pay screen messages. By providing us with the names and account information of those Payees to whom you wish to direct payment, you authorize us to follow the Payment Instructions that we receive through the payment system.

Payments will be delivered to payees in one of two ways:

1. *Electronic Payment* : This is the preferred method. When you enter Payee information while creating a new Payee, the Bill Pay program will search an extensive database for a match to an existing electronic payee. Electronic payments typically are delivered in 1-3 business days.
2. *Check Payment* : If the Payee is not in the electronic database, a check will be printed and mailed to the Payee. The check will have your bank account number on it, and will clear your account whenever the Payee deposits the check. Check payments are typically delivered in 3-5 business days.

Once the Payee has been created, you must schedule a payment. Bill Pay will provide an estimated delivery date; however, please note this is only an estimate and not a guarantee. When we receive a Payment Instruction, you authorize us to debit your Payment Account and remit funds to the Payee on your behalf.

Before an electronic payment is processed, available funds will be verified and

withdrawn from your account. If there are insufficient funds, Bill Pay will attempt to pay the bill twice a day, at 8:00 am and at 3:00 pm, for each of the next five business days.

You will be able to set up the following types of bill payments:

1. *Single Payment:* You may schedule a payment to be made one time to a Payee. The payment may be scheduled on a future date, or on the same day that you enter the Payment Instruction provided you enter the Payment Instruction by the Cutoff Time. Enter a payment amount in the "Amount" box and select your payment date, then click the "Pay" button next to the payee you wish to pay.
2. *Recurring Payment:* You may schedule payments to Payees to be automatically initiated in a fixed amount on the same scheduled payment frequency. Click the button by the Payee that says "Make it Recurring" to schedule your recurring payment. You may make payments weekly, bi-weekly, semi-monthly, monthly, quarterly, semi-annually or annually. If the Scheduled Payment Date does not exist in a certain month, then the payment will be initiated on the last Business Day of the month. For example, if you schedule a payment for the 30th of each month, your payment for the month of February will be initiated on or before the 28th day of February. When establishing a recurring payment, you may elect to choose for the payment to "Pay Before" or "Pay After" a scheduled date that falls on a holiday or weekend.

You will be provided a confirmation number for each payment you schedule using Bill Pay. You will also see all pending payments in the Pending section of the Payments screen prior to the Scheduled Payment Date. Once payments are processed, they can be seen on the History screen.

You may schedule duplicate payments. A duplicate payment is one that is scheduled to be made to the same Payee on the same date for the same amount as a previously scheduled payment. A duplicate payment is different from a Recurring Payment. A Recurring Payment is scheduled for the same amount to the same Payee on a recurring schedule. You can make payments to any Payee in the United States.

It is anticipated that most transactions will be processed on the next Business Day after your Scheduled Payment Date, and arrive approximately 3-5 Business Days after your selected Scheduled Payment Date. Due to circumstances beyond our control, particularly delays in handling and posting payments by slow responding Payees or financial institutions, some transactions may take a day or even a few days longer to be credited by your Payee to your account. For this reason, it is necessary that all Scheduled Payment Dates selected by you be no less than five (5) Business Days before the bill's actual due date if paid by check and three (3) Business Days before the bill's actual due date if paid by electronic funds transfer, not the late date and/or a date in the grace period. Payment instructions entered after the Cutoff Time or on non-Business Days will be considered entered in Bill Pay on the next Business Day. For Recurring Payments, this means that you must allow additional time for months in which weekends or holidays reduce the number of Business Days between the Recurring Payment date and the bill's actual

due date. If you properly follow the procedures described herein, and we fail to send a payment according to the Payment Instructions received, we will bear responsibility for late charges (up to a maximum of \$50.00 per scheduled payment per business Payee.) In any other event, including, but not limited to, choosing a Scheduled Payment Date less than five (5) Business Days before the bill's actual due date if paid by check and three (3) Business Days before the bill's actual due date if paid by electronic funds transfer, the risk of incurring and the responsibility for paying and all late charges or penalties shall be borne by you.

The system will calculate the Estimated Arrival Date of your payment. This is only an estimate, so please allow ample time for your payments to reach your Payees.

We will use our best efforts to make all your payments properly. However, we shall incur no liability if we are unable to complete any payments initiated by you through Bill Pay because of the existence of any one or more of the following circumstances:

1. If, through no fault of ours, your Payment Account does not contain sufficient funds to complete the transaction or the transaction would exceed the credit limit of your overdraft protection account;
2. Bill Pay or NetTeller Online Banking is not working properly and you know or have been advised by us about the problem before you execute the transaction;
3. The Payee mishandles or delays a payment sent by us;
4. You have not provided us with the correct or updated name, address, phone number or account information for the Payee, or you have not provided us with accurate personal information either during enrollment or on your Bill Payment Application, or you have otherwise provided incomplete Payment instructions; or,
5. Circumstances beyond our control (such as, but not limited to, fire, flood, or interference from an outside force) prevent the proper execution of the transaction and we have taken reasonable precautions to avoid those circumstances.

Provided none of the foregoing five (5) exceptions are applicable, if we cause an incorrect amount of funds to be removed from your Payment Account or cause funds from your Payment Account to be directed to a Payee which does not comply with your Payment Instructions, we shall be responsible for returning the improperly transferred funds to your Payment Account and for directing to the proper Payee any previously misdirected transactions.

A bill payment is a "Pending Payment" starting from the time you enter Payment Instructions until the payment is "Processed". A bill payment is "Processed" starting at the Cutoff Time on the Scheduled Payment Date. You may cancel or edit any Pending Payment (including Recurring Payments) by following the directions within NetTeller and Bill Pay. There is no charge for canceling or editing a Scheduled Payment. A canceled payment will not appear on your Payment History.

We may not have a reasonable opportunity to act on any stop payment or cancellation order given after a payment is "Processed". If you desire to cancel or stop any payment that has been processed, you must call the bank at 712-262-3340 or 800-249-3340. If you call, we may also require you to present your request in writing within fourteen (14) days after you call. Although we will make every effort to accommodate your request, we will have no liability for failing to do so. Stop payment requests will be accepted only if we have a reasonable opportunity to act on such requests. Stop payment requests sent to us via electronic mail or in any other manner may not reach us in time for us to act on your request. The charge for each stop payment order will be the then current charge for such service, as amended from time to time.

Once your scheduled bill payment is "Processed", we will relay your payment information to a third-party vendor, who in turn will remit payment to your Payee by one of the following means, at the vendor's sole discretion: (1) by electronic funds transfer; (2) by mailing your Payee a check drawn on your personal account. Electronic funds transfers will be withdrawn from your account on the Scheduled Payment Date. Payments by check will be withdrawn from your account when the check is presented to the bank for payment from your account.

  3. Also, if your statement shows transfers that you did not make, tell us at once. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. We shall not be deemed to have waived any of our rights or remedies hereunder unless such waiver is in writing and signed by us. No delay or omission on our part in exercising any rights or remedies shall operate as a waiver of such rights or remedies or any other rights or remedies. A waiver on any one occasion shall not be construed as a bar or waiver of any rights or remedies on future occasions.

We refer you to the Agreement that you received when opening your loan and/or depository account, as amended, for additional terms and conditions and disclosures that apply to your accounts with the Bank, as this Agreement is an addendum to such Loan and/or Deposit Account Agreement.

The Bank has the right to change or terminate this agreement at any time.

## UNAUTHORIZED TRANSFERS

- a. **Consumer Liability.** Tell us at once if you believe your card and/or code has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission using information from your check. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit). If you tell us within 2 business days after you learn of the loss or theft of your card and/or code, you can lose no more than \$50.00 if someone used your card and/or code without your permission. Also, if you do NOT tell us within 2 business days after you learn of the loss or theft of your card and/or code, and we can prove we could have stopped someone from using your card and/or code without your permission if you had told us, you could lose as much as \$500. Also, if your statement shows transfers that you did not make, including those made by card, code or other means, tell us at once. If you not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time.

If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time period.

**MasterCard® Debit.** Additional Limits on Liability for MasterCard® Debit Card. You will not be liable for any unauthorized transactions using your MasterCard debit card, when used for point-of-sale transactions, if: (i) you can demonstrate that you have exercised reasonable care in safeguarding your card from the risk of loss or theft, (ii) you have not reported to us two or more incidents of unauthorized use within the prior twelve-month period, and (iii) your account is in good standing. If any of these conditions are not met, your liability is the lesser of \$50 or the amount of money, property, labor, or services obtained by the unauthorized use before notification to us. "Unauthorized use" means the use of your debit card by a person, other than you, who does not have actual, implied or apparent authority for such use, and from which you receive no benefit. This additional limit on liability does not apply to ATM transactions or to transactions using your Personal Identification Number which are not processed by MasterCard. MasterCard is a registered trademark of MasterCard International incorporated.

- b. **Contact in event of unauthorized transfer.** If you believe your card and/or code has been lost or stolen, call or write us at the telephone number or address listed at the end of this disclosure. You should also call the number or write to the address listed at the end of this disclosure if you believe a transfer has been made using the information from your check without your permission.

## **ERROR RESOLUTION NOTICE**

In case of Errors or Questions About Your Electronic Transfers, call or write us at the telephone number or address listed below, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared.

1. Tell us your name and account number (if any).
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days.

We will determine whether an error occurred within 10 business days (5 business days if involving a Visa® transaction or 20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (5 business days if involving a Visa transaction or 20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. IF we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. An account is considered a new account for 30 days after the first deposit is made, if you are a new customer.

We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation.

You may ask for copies of the documents that we used in our investigation.

## **ADDITIONAL INFORMATION**

### **Currency Conversion and Cross-Border Transaction Fees**

If you effect a transaction with your Card in a currency other than US Dollars, MasterCard will convert the charge into a US Dollar amount. The MasterCard currency conversion procedure includes use of either: 1) A government-mandated exchange rate; or 2) A wholesale exchange rate selected by MasterCard.

The exchange rate MasterCard uses will be a rate in effect on the date of purchase or the date the transaction was posted to your account.

MasterCard charges us a Currency Conversion Assessment of 20 basis points ( .2% of the transaction) for performing the currency conversion. In addition, MasterCard charges us an Issue Cross-Border Assessment of 80 basis points ( .8% of the

transaction) on all cross-border transaction regardless of whether there is a currency conversion.

A cross-border transaction is a transaction processed through the Global Clearing Management System or the MasterCard Debit Switch in which the country of the merchant is different than the country of the cardholder.

As a result, we may charge you an International Charge of up to 1% on foreign transactions which would include the .2% Currency Conversion Assessment and the .8% Cross-Border Assessment charged by MasterCard.
